PRESIDENT ELECT WILLIAM H. TAFT

## THREE MEN MR. TAFT IS CONSIDERING FOR PLACES IN PRESIDENTIAL CABINET.

REV. JOHN L. TAYLOR, FORMER RECTOR, DEAD.

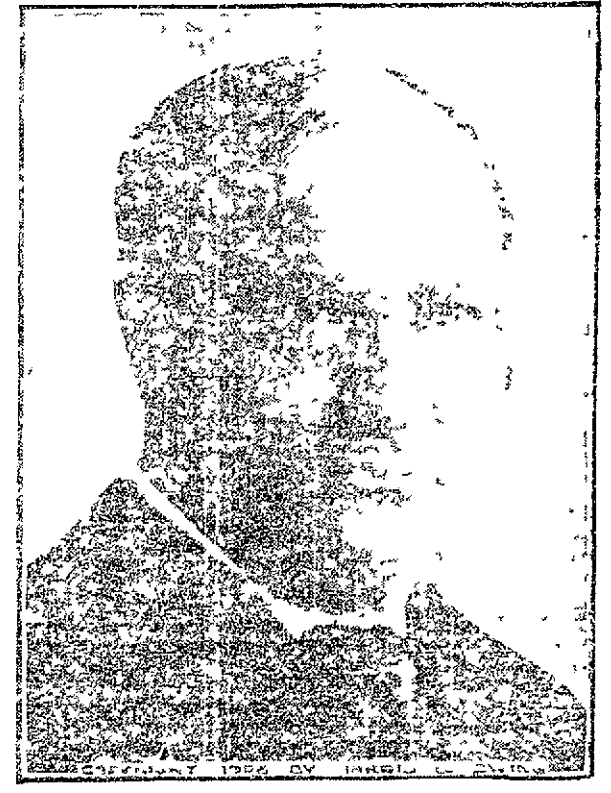

## LIVE ON GARBAGE WITH WORK AT HAND

Foreigners Found Peking Dumps By Chief of Police.

Said They Were Starving.

## DUNKLE PREPARING FOR BUREAU TRIAL.

Has Asked Department to Put in Full Report of Case.

VICE PRESIDENT ELECT JAMES S. SHERMAN

## NEGRO IS KILLED; OFFICER WOUNDED.

Fierce Battle Between Constable and Fugitive at Riverview.

## CONSTABLE MAY DIE ALSO

When George Brown of Masontown Attempted to Arrest Rice, Officer's Sons Took Part in Melee.

## ACID STOPS FIRE

No Work for Department When Heat Reaches Maximum.

CHARLESTON, Nov. 11.—A collision of a furnace in the steel works of the Carnegie Steel Company, which caused a serious fire, was stopped by the use of acid.

The blaze was apparently started in the furnace, and the heat was so intense that the acid was necessary to stop it.

## EDUCATIONAL HELP OF SISTER REWARDED.

Dr. Brown Colored in Will Leaves Estate to Refugee Who Assisted Him in Struggle.

UNIONTOWN, Nov. 11.—The will of the late Dr. Brown, who was a colored man, was read in court today. The principal part of his estate is left to his sister, Sarah A. Caddis, who assisted him in his struggle for education. To his mother, Sarah A. Caddis, is given \$5,000. His son, John Brown, is given \$1,000. The balance of his estate is given to his sister, Sarah A. Caddis.

## FAMILY DIFFERENCES PATCHED UP IN COURT.

Springhill Family Returns Home Reconciled and Suits for \$10,000 is Withdrawn.

UNIONTOWN, Nov. 11.—At a hearing before Judge Van Swinderen today, the family differences of the Springhill family were patched up. The suits for \$10,000 were withdrawn, and the family returned home reconciled.

Although the Morgans patched up their differences, Mrs. Mary Kemp says she will push the divorce action against her husband, Frank F. Kemp, who is defending in the Morgans' suit.

## WIFE PAID BET

Wheeled Mine Inspector Through Streets in Wheelbarrow.

MONONGAHELIA, Nov. 11.—State Mine Inspector Henry L. Louth, of the fifth district, was wheeled in a wheelbarrow through the streets of this city today. He was pushed by a group of men who were protesting against his appointment.

The crowd made him get up at each time and finish the ride. It all resulted from the election of his successor, which provided that the victor should be pushed over the principal street of the town by the wife of the loser.

The music of a band, Mrs. Coates, was heard.

Venerable Minister Who Was at Trinity Church, New Haven, Many Years Dead at Oaxaca.

PAUL, Nov. 11.—The body of the late Rev. John L. Taylor, former rector of Trinity Church, New Haven, was found in a cave at Oaxaca, Mexico.

## CHANGES ARE MADE IN WESTMORELAND.

Entirely New Board of County Commissioners Elected.

### TRIBUTE TO COLONEL HUFF.

Extravagance in Court House and Administration of County Officers Caused Voters to Take Hand in Matter Jamison Gets Good Parity.

GREENSBURG, Nov. 9.—When rumors of extravagance in Westmoreland county's court house were promulgated shortly after the new structure was dedicated last January, the citizens demanded a change of administration. Consequently at the spring primaries the Republicans nominated two new men for County Commissioners, John D. Mide and Hemfield to replace James L. McWhorter and the latter a real estate and insurance man. They were selected over W. C. Jamison, former for three terms a County Commissioner, and Ben Shaffer, the other Republican member.

D. W. Shupe, a minority member, was one of the two nominated. Shupe was slaughtered by the two Republican candidates for the Commission. Shupe received larger votes than any other member on the ticket. And at first many Republicans at Mallett who were assured of election from the time he was nominated, voted for Mallett. But after the election, Shupe's defeat, he offered over a thousand votes more than his Democratic running mate in an entirely new Board of Commissioners with all members the units of the great county of Westmoreland.

In the fight for State Senator Chris D. Coppel and the Democratic County Chairman was the candidate of the Democrats and had a good vote, but John M. Jamison, Republican, won out with 2,000 plus votes. Jamison is president of the Jamison & Co. & Co. Company, a member of the Westmoreland county bar and a graduate of Princeton. He will succeed Chris F. Woods, the young Westmorelander who attained prominence in the first session when he was elected in Princeton. When he was elected in Princeton.

Tate had a parity of 4,238 against 1,009 for Jamison. This awarded Rood, a Democrat, the seat. Rood is a handsome plump, 40 years of age, was considered a wonderful tribute in the race of the opposition encountered even after the selection of Colonel Huff is the regular Republican nominee at the spring primaries.

The official count shows that for the Legislature Shupe, McWhorter and Jamison ran well with a 99 of the total living candidates of the county. In the First District, W. C. Jamison of Salisbury polled a handsome vote, leading the ticket. In W. C. Jamison of Salisbury, Jamison was behind but had a majority.

For the Second District, Del. of W. C. Jamison received a majority of 1,000 over Clark and Recorder of Deeds Dr. C. Thomas of Lattimer had a majority of 3,000 over Clark. MONONGAHELA, Pa., Nov. 9.—Charles A. Blevins, who is expected to be a candidate for Speaker of the House, has been elected to the county seat in spite of the determined opposition of the Local Option element.

## BRYAN MAY BE HONOR GUEST AT BANQUET.

Uniontown Preparing to Entertain Commoner Early in January at Big Dollar Dinner.

UNIONTOWN, Nov. 9.—Through the efforts of W. H. Eckert it is expected that William Jennings Bryan will be the guest of honor at a banquet to be held in Uniontown early in January. When he is Bryan's special train during the campaign the Uniontown Fayette county politicians who were making speeches in favor of the Commoner brought up the subject.

The Democrats of Uniontown are now already making preliminary arrangements for the occasion which will take the form of one of the enormous dollar feasts. The banquet will be held under the auspices of the Fayette County Bryan League and as soon as the date is set by the Bryan the preparations will be completed.

### OLD RESIDENT KILLED

Daniel Sient Struck by Train at Meyersdale.

MEYERSDALE, Pa., Nov. 9.—Daniel Sient, who has been a resident of Meyersdale for many years, was killed by a train on the Pennsylvania Railroad at Meyersdale. Sient was struck by a freight train while crossing the tracks. He was 70 years of age and was a well-known resident of the community.

When the train struck Sient, he was walking across the tracks. The train was traveling at a high speed and Sient was unable to get out of the way. The impact was fatal and Sient was killed instantly. The train was carrying a large load of coal and was traveling from Philadelphia to New York.

### SOUGHT HOME COMFORTS

Man Brought Family Along When He Came to Jail.

UNIONTOWN, Nov. 9.—When Con Donohy of Brim Hill came to Uniontown Prison to stand trial to trespass, he came prepared to go to jail and have all the comforts of home. He brought his wife and three children together with a quantity of food and a can of milk. Following the hearing Donohy was sent to jail but he family remained and all wanted to go to jail with him. He said that it was with difficulty that they were persuaded to go home.

Donohy is alleged to have trespassed on the property of the Brim Hill company and was warned not to return. He was prosecuted and under the evidence there was nothing to do but find him guilty and assess a fine or impose imprisonment. Donohy chose the jail.

## MAN ARRESTED WHO PASSED BAD CHECK.

Robert Wright Taken in Pittsburgh by Local Officer on Charge of Forgery.

Consable F. W. Mitchell Saturday afternoon served a warrant upon Robert Wright in the Pittsburgh jail charging him with forgery. The arrest of Wright practically ended J. W. Brant who was arrested about a week ago on the same charge. The fact of also arrested into the information made by Mitchell was used from the office of Magistrate W. P. Clark here. Wright having passed a worthless check upon James McConnon president of the Young Men's Association.

It developed that there were eight similar informations against Wright. This method of operations according to the Pittsburgh police was to write a check in one town with the signature of a friend. He then went to the town where he had the check cashed and then made a check in another town in care of a hotel. He then went to the town where he had the check cashed and then made a check in another town in care of a hotel. He then went to the town where he had the check cashed and then made a check in another town in care of a hotel.

In the case of the forgery, Wright had passed a check on the Uniontown National Bank for \$100.00. The check was cashed and Wright was arrested in Pittsburgh. He is now being held in the Uniontown jail.

## TOWNSHIP RESIDENTS WANT ROAD REPAIRED.

Are Up in Arms Against Corporation on Account of Mt. Pleasant Highway's Condition.

General complaint is being voiced against the West Penn. R. & S. Co. by the residents of Connellsville. It is their contention that the road is in a very bad condition. The road is impassable now, but it is expected that in winter it will be almost impassable. Last year residents along the road who sought compensation for damages to their property, but they were not successful. The road is a main thoroughfare and the residents are very angry. They are now up in arms against the corporation. They are demanding that the road be repaired. They are also demanding that the corporation be held responsible for the damages to their property.

## CHICKEN THIEF IS CHASED FOUR MILES.

Perryopolis Squire Continues After Man Until He is Finally Captured After Long Run.

PERRYOPOLIS, Pa., Nov. 9.—That Squire A. L. Carson has been in action to other accomplishments was demonstrated last night when he captured a chicken thief who had been on the loose for some time. The thief was chased for four miles before he was finally captured. The chase was a long and hard one, but Carson was determined to catch the thief. The thief was seen running through the fields and Carson followed him. The chase ended with the thief being captured and taken to the jail.

When the thief was captured, he was found to be carrying a large quantity of chickens. The chickens were taken to the jail and the thief was held in custody. The chase was a very interesting one and the residents of Perryopolis were very interested in the outcome.

Must Answer Assault Charge. UNIONTOWN, Nov. 9.—Chas. Phillips, a local interpreter, has been held under \$500 bail to appear before Justice Butler November 11. He is charged with assault and battery on a woman. The charge was brought by a woman who claims that Phillips assaulted her. Phillips is a well-known man in the community and the case is being watched closely.

### Council Discusses Extending Lines to Include Hogg Addition.

### SHYDERTOWN MAY COME IN.

Measure Likely to Pass at Next Regular Meeting—Special Session to Be Held to Consider State Board of Health Sewer System Matter.

It is probable that an ordinance will pass at the next session of the Town Council providing for extending the Borough lines to include 66 acres of land popularly known as the Hogg Addition. The first step in this direction was taken at a meeting of the Town Council Thursday when a resolution was presented by the residents of that district. Borough Engineer J. B. Hogg was present with a plan and pointed out the proposed lines of the Borough. An effort will be made to have the residents of Shydertown join in the petition by the time of the next meeting and there is every likelihood that it will be passed. Although it will cost the taxpayers at least one third more in taxes to become residents of Conneltsville, they are all willing one of the most attractive features being the public schools. At present several of the petitioners are now sending their children to school in town and are paying \$2.00 per month for it. These prospective residents are also looking to light and police protection.

John W. Murrie presented a copy of the agreement made between the Borough Council and ten South Side citizens, who endorsed a note now in the Citizens' National Bank for the laying of a sewer on Vine street between Davidson and Newer avenues. The total cost of the sewer was \$7500. Mr. Murrie made an appeal in behalf of fairness that the Borough take the sewer from off the taxpayers' hands. An unfortunate part of the agreement is the fact that it is not cited and does not bear the corporate seal of the Borough and legally it is not considered binding. The men who paid for the sewer have paid the interest upon the note for three years. Mr. Murrie stated that if Attorney Brown were living he would remember the action very clearly, but as it was the signers had only that agreement but the sewer had been laid in accordance with every instruction of the Borough Engineer.

The Street Committee was instructed to investigate the grade on North Pittsburg, the Borough Engineer calling attention to the proposed grade of the pavement along the building. He stated that the corner of Pittsburg and Main streets the pavement would be three inches lower than it should be while at the corner of Orange and Pittsburg street he thought it entirely too high. In this connection it was suggested that Mr. Foster, Borough Engineer, be compelled to turn over all his records and the established grades over town.

Smith's alley on the South Side has been closed up by some one and the people along Cedar avenue sent in a complaint and a request that it be opened. The matter was referred to the Borough for settlement.

Borough Attorney S. R. Goldsmith called attention to the suit of Hannah Fleming against the Borough and subpoenaed all the Council for the trial next Friday.

A request for a road drop at the corner of Pittsburg and Peach streets was held over for further consideration. It was stated that it would cost about \$100 and if a new system was to be installed it was no use putting more expense upon the sewers.

It was decided that a special session of the Council be held Tuesday evening, November 12, for the purpose of taking up the State Board of Health views on the sewer system, ascertaining what it would cost and discussing it generally to endeavor to reach a compromise. Fire Department and to pass finally upon the disposition of the Vine street sewer.

President F. J. Brannan appointed P. J. Brannan the newly appointed member to the late F. J. Huns place on all committees.

The report of Burgess A. D. Brown was read for the month of October. It was not accepted as the money has not been paid into the treasury. Borough Attorney S. R. Goldsmith and Attorney F. C. Stichter have had several conferences regarding the reduction in salary of the Burgess and he offered to neither driving a salary or turning what he collected into the treasury. The report was as follows:

Amount received from the Burgess A. D. Brown \$100.00

## GLOBE TROTTER CANOEIST SWAMPED IN YOUGH RIVER.

### John Becker Has Narrow Escape Near Bear Run.

### MAKING LONG TRIP IN CRAFT.

Has Already Traveled from Baltimore and Will Go to New Orleans by Water—Lost Money and Gun When Boat Upset.

Paddling a light canoe in the Yough river, John Becker, a Baltimore canoeist, was swamped in the river near Bear Run. The canoeist was making a long trip in his craft, having already traveled from Baltimore and will go to New Orleans by water. He lost his money and gun when the boat was upset.

Becker was paddling his canoe down the river when it was upset. He was alone in the craft and was unable to swim. The canoe was overturned and Becker was left in the water. He was rescued by a fisherman who was fishing nearby.

Becker was rescued by a fisherman who was fishing nearby. He was taken to the shore and his condition was found to be serious. He was taken to a hospital where he is now recovering.

## PROSPERITY'S RETURN ASSURED BY RESUMPTION OF COKE PLANTS.

Thousand Men Can Now Find Employment in Connellsville Coke Region.

Announcement was made Thursday that the Oliver Snyder coke works at Oliver would start their entire plant on December 1. The plant contains 1,200 ovens and at the beginning of the month all will be fired.

This together with several other plants which are said to be preparing to resume will cause the region to regain its activity of a few months ago.

One of the problems now confronting many of the operators is that of labor. When the ovens went out of service the great army of foreign workmen which had been employed here departed for other places, many of them going to their homes in Europe. There are several plants which have sent men to the immigration offices and agencies in the cities in an endeavor to induce men to come here to work. At one plant in the Connellsville region 500 men are needed and cannot be gotten. This condition exists at many other plants in the district. While the number is not so large many men could find employment. Some of the employers are endeavoring to secure men through

correspondence and it is expected that in a short time the haze of smoke, the badge of activity in this section will again hang over the district and prosperity will return with redoubled effect.

### Orient to Resume.

Although O. W. Kennedy, of the Orient Coke Company, is a Democrat and was a candidate for Congress once, the decisive Republican victory yesterday was of considerable importance and profit to him. Three days before election he received a contract, signed up and executed, which had the one provision, that it would become valid in the event of Mr. Tate's election. Otherwise the contract was not binding. When the election news came in Tuesday night the energetic O. W. rubbed his hands and smiled.

The contract for coke was made with a large furnace interest and called for a six month's supply of coke averaging between 10,000 and 12,000 tons per week. Wednesday Mr. Kennedy sent word out to the works to fire 35 additional ovens and there will be busy times right along at Orient.

and cutting out one of the worst grades on the B. & O. line.

## SENATOR ELKINS

TO SELL M. & K.  
TO THE B. & O.?

New York World Says Uncle  
Steve Needs Money for  
Daughter's Dowry.

OLD RUMORS ARE REVIVED.

M. & K. Would be Willing to Sell to  
B. & O. for \$15,000,000 if Larger  
Company Would Take Up Land as  
Well as Line—Eretz Denies.

ELKINS, W. Va., Nov. 6.—According to a dispatch sent out from Elkins by a staff correspondent of the New York World, the object of Senator Elkins' recent visit to New York was for the purpose of conferring with President Oscar G. Murray of the B. & O. regarding the sale of the M. & K.'s line and coal holdings to the B. & O. The World correspondent states while in New York the senator received an offer from President Murray for the road, coal lands and improvements, but that before an answer he first consulted with State Geologist I. W. White at Charleston over long distance telephone, asking Dr. White's opinion as to the advisability of disposing of the property at the price offered. Dr. White's advice, according to the newspaper man, was that the senator hold on to the property.

From the facts secured regarding the proposed sale of the railroad line, the correspondent drew the conclusion that the senator is anxious to dispose of his holdings in order to raise money for the \$1,000,000 dowry which is said to be part of the marriage settlement between the senator's beautiful daughter and the Italian duke.

At the M. & K. offices here this afternoon, General Manager E. K. Bretz was considerably amused when shown the story which appeared in the World regarding the sale of the road. He laughingly denied that the senator's visit had anything to do with the sale of the road, and stated that no such proposition as the one referred to is under consideration.

"Why, that is nothing more than the old rumor of the sale of the line; there is no truth in the story at all."

As a matter of fact Senator Elkins is anxious to sell the M. & K. and the 50,000 acres of land he has along the line, but the B. & O. has continually refused to buy the land. It is understood that the senator has given the B. & O. an option on the line, land and all at \$15,000,000. Railroad men are of the opinion that the B. & O. will try to secure the line without buying the land if possible, in order to prevent the New York Central from getting an opening through the southern and central part of the State. At present it is the plan of the M. & K. officials, in case the road is not sold to the B. & O. to bridge the Monongahela and join the B. & O. branch of the P. & L. E. as soon as that line is constructed on the west side of the river. At the same time the line will be extended from Rowlesburg to Parsons, joining the Coal & Coke and thus completely covering the whole western section of West Virginia. On the other hand the B. & O. is anxious to get control of the M. & K. in order that the B. & O. main line may be changed, cutting across from Independence to Reedsville through the Gades, and from Reedsville following the M. & K.'s route to Rowlesburg, thereby eliminating the long tunnel at Tunnelton

## YOUNG MINER MEETS TERRIBLE DEATH.

Edward Allen Is Electrocuted  
in Underground  
Chamber.

GRASPED WIRE AS HE FELL.

Stumbling in the Mines at Oliphant  
Young Man Tries to Save Himself  
and Takes Hold of Live Wire—Death  
Instantaneous.

OLIPHANT, Nov. 4.—Grasping a trolley wire carrying a heavy voltage of electricity in the mine at Oliphant on Monday afternoon, Edward Allen, aged 22 years was instantly killed. The death of the young man was due to a stumble. Within a short time before quitting work he was making his way along the track in the mine when he stubbed his toe and in endeavoring to stay his fall threw out his hand catching hold of the heavily charged wire. Allen fell to the ground a corpse. Several laborers were working near the spot and beheld the tragic death of the young man. They hastened to him, but he was dead before their arrival.

The remains were taken from the mine and conveyed to his home. An inquest was held in the Frick Company office yesterday morning by Coroner Hibbs of Fairchance.

The funeral took place this afternoon and interment was made in the cemetery at Fairchance.

### NEW COAL IS TESTED.

Burns Almost Without Smoke in Furnaces of Local Building.

A new coal valued in Somerset county and known as "anthracite bituminous" was successfully tested Thursday in the furnaces of the McGee building, Pittsburg. It proved to be practically smokeless. Possessing 77 per cent of fixed carbon, with but 17 per cent of volatile matter, it bore out the statement of the operators that no smoke was thrown off while burning.

After a little wood and paper which was used in starting the fire had burned away, the new coal, of the same appearance as soft coal, was thrown up. Instead of the usual thick black cloud of smoke, not even a speck of smoke could be seen or smelled. After it had burned a while the fire looked exactly the same as if it had been ordinary soft coal. Once or twice when the fire was burning hardest, a slight greenish flame could be seen coming from the chimney. But for this one could not have told that there was a fire below at all.

### NEW BRICK PLANT.

Big Concern to Be Located in Bullskin Township.

Bullskin township is to have another brick plant. The new concern will be known as the Royal Brick Company of Connellsville and will be composed of Fayette counties. The capitalization will be \$75,000. The plant will be located near Derwiler's mill.

Among the men who compose it are P. M. Richey, Jr., of Pennsville, former traveling auditor for the H. C. Frick Coke Company; C. O. LaCarr, Uniontown; Thomas Jones, M. Pleasant; and E. L. Sherrick, Ewing P. Richey and George Hatfield, Connellsville.
